## NEWS OF THE WEEK.

Summary of Latest Happenings.

### AUGUST 11

Harry Tracy, who had been a citizen of Washington, Oregon, and had been committed to the penitentiary at Portland, Ore., was shot and killed near Creston, Ore., yesterday morning by a man who had been wounded by Tracy's bullet the day before.

Senator Hanna yesterday addressed the U. S. House of Representatives on the subject of "Labor and Its Relation to Capital." He strongly advocated legislation, and not force, in the settlement of labor troubles. He told of the National Civic Federation and said that in its brief existence it had settled all differences submitted to it except the anthracite strike. Of this, Senator Hanna said he did not think the operators fully understood the situation.

At Dawson Springs yesterday five women, visitors at the springs, were run down on a trestle by an Illinois Central freight train. Miss Johnde Smith, of Paducah, and Mrs. Lucy Stevenson, of Hickory Grove, were killed. Miss Fredona Flitt, of Paducah; Miss Edith Stevenson, of Hickory Grove, and Miss Annie Nichols, probably will be.

Eight masked men held up a C. H. Davidson passenger train at Marzins, Ill., forced the trainmen to uncouple the engine and express car and then blew up the express safe with dynamite. After getting a sum of money estimated at about \$2500, seven of the robbers escaped on the engine, one of their number having been killed. They left the engine, seven miles from the scene of the robbery.

William Jennings Bryan yesterday, when asked about a statement presented to him as saying that he would not again be a candidate for the Democratic presidential nomination, stated that he had not been fully reported. He said that, while he was not seeking again the leadership, yet if the party should think he was the man he could not refuse.

The commercial department of London's Board of Trade in reporting yesterday on the struggle for trade, stated that Great Britain, in view of charged conditions, can scarcely expect to maintain her past pre-eminence, as against the United States and Germany, at any rate without strenuous effort and improvement in business methods.

The examining trial of Prof. H. A. Hayes, charged with attempting to burn the Hotel Henderson, came to an abrupt end yesterday at Henderson. The case against Hayes may file a suit for damages against the owners of the hotel.

The Vatican authorities expressed surprise on learning that the friars in the Philippines had disposed of most of their lands. It is stated in Washington that the United States Government was cognizant of this, and that Gov. Taft had testified before the Senate Committee that the lands had been conveyed to syndicates.

Mr. Charles Alexander, Sr., famous as a breeder of cattle and for many years a successful banker at Paris, died yesterday. He was eighty-five years old and left an estate estimated at \$1,000,000.

### AUGUST 12TH

The Federation of Catholic Societies yesterday overwhelmingly defeated a resolution to dismiss the question of friars and schools in the Philippines, with a more expression of satisfaction with the negotiations between the United States and the Vatican. Resolutions were adopted expressing confidence in President Roosevelt, pledging the friars their support in securing their justice and commending their past work. Approval is also expressed of the advancement made in the Taft negotiations.

It was reported yesterday in New York that the United States stock had been finally settled by J. P. Morgan & Co. buying the syndicate's holding of about 200,000 shares for \$100,000,000. An official of J. P. Morgan & Co. declined to say anything

about the Louisville and except that there were no differences and that there would be none.

County conventions will be held by the Republicans in the Tenth congressional district tomorrow to elect delegates to the district convention at Winchester, August 14, to nominate a candidate for Congress. Many of the Republican leaders are disposed to ignore the favored candidates and nominate Judge W. M. Beckner, a former Democrat.

King Edward last night issued a proclamation to his people declaring that prayers for his recovery had been heard and tacitly indicating his readiness for the coronation exercises of tomorrow. The message was written by the King's own hand and addressed in an autograph letter to the Home Secretary, C. T. Ritchie.

The Kentucky Railroad Commissioners held a meeting in Cincinnati yesterday to discuss the matter of lower rates for the shipment of crude oil from the Bath and Knox county fields. The meeting was attended by officials of the railroads and by several representatives of oil companies now operating in Eastern Kentucky.

The inquest over the body of Harry Tracy is to progress at Haysport, Wash. When the corpse reached that place it was surrounded by curiosity seekers, who eagerly seized upon the outlaw's bloody clothing and other effects as souvenirs. Tracy's body will be taken to Salem, Ore., for burial.

The Santa Fe has started an open war in the Western freight situation by giving notice that beginning Monday it will carry live stock between Chicago and Kansas City for twelve cents a hundred pounds. This is a cut of eleven and one-half cents and is the lowest rate since 1895.

It is said that the engine that ran down five women on a trestle at Dawson Springs Wednesday, killing two and injuring the others, had a broken whistle, and that no alarm was sounded as the train approached Dawson.

Scenes of excitement again marked the expulsion of the strikers from many French schools yesterday. At Landerneau women threw themselves before the barrels of the guardsmen in efforts to protect the schools.

The companies of the Second Regiment broke camp at Mammoth Cave yesterday. The companies of the Third Regiment began arriving at the encampment last night.

Not a Republican was elected to the State Court bench of Tennessee in Thursday's elections. For the first time an entire Democratic county ticket was elected at Knoxville.

The cotton oil manufacturers of the South are organizing an assurance association along co-operative lines. It is expected the 600 Southern plants will be represented in the enterprise.

Near Paddy Lick, Bourbon county, Mary Florence was killed and Marvin Blackford was seriously injured by the discharge of a dynamite blast. The men were blasting holes for telephone poles.

Lieut. Hodgins yesterday made a successful attempt at exchanging signals between Washington and Annapolis, but failed to ascertain the question of interference from stray currents. The experiments will be continued to determine which is the best system to adopt for the navy.

Trouble is not improbable as a result of a race between a Japanese war vessel and an American ship from Honolulu, both destined for a guano island in the Pacific. The Japanese are believed to have first reached the island, and they will dispute the claims of the Americans.

Thousands of people thronged the streets of London last night, many of them expressing their intention of remaining up all night to secure good locations to view the coronation procession. King Edward is reported as feeling well and as looking forward to the ceremonies without the slightest misgivings.

The Navy Department has or-

dered Commander McCrea, of the gunboat Machias, to prevent the entry of the United States and Haytian Telegraph and Cable Company's cable at Cape Haytian. It is claimed that this action comes within the purview of the Monroe doctrine.

Chairman Griggs, of the Democratic Congressional Committee, regards with great satisfaction the action of the National Association of Meat Dealers in resolving to attack the beef combine by endeavoring to remove the tariff barriers on meats. He believes that it will greatly militate toward furthering the views of Democracy on the question of the tariff and trade.

President Roosevelt and Attorney General Knox yesterday agreed to certain conditions under which the proposed Pacific cable is to be constructed. The conditions practically make it a Government monopoly, as the Government will have priority of service, as it may purchase it at a price agreed on by arbitrators, and the rates are to be fixed by the Postmaster General. The consent of Congress is prerequisite. There will be two lines, one direct to China and another to China via Honolulu and Manila.

### AUGUST 11.

Gov. Beckham has appointed Ira Julian, of Frankfort, as Special Judge of the Circuit Court to hear the motions for bail and for change of venue in the case of Thos. Cockrell.

A request, it is said, will be made of President Roosevelt to call an extra session of the Senate to ratify a treaty with Cuba, reducing tariff duties 25 per cent. This it is claimed, would be a "supreme test" of the Administration's sincerity in its protestations of desire to alleviate Cuba's economic condition.

The answer of Secretary Root to the petition of Miss Rebecca J. Taylor for a writ of mandamus to compel him to restore her to a clerkship in the War Department claims that she was dismissed for insubordination and that his action is not subject to the review or control of a court of law.

W. T. Stead, the London editor, in describing the coronation, cites as its most interesting feature the homage to the Gillies paid by the King and Queen in bowing in prayer amid scenes of such splendor and grandeur.

The crowning of Edward as King of Great Britain and Ireland and Emperor of India, and of Alexander as his consort, took place yesterday at Westminster Abbey, London, before a brilliant assemblage of nobility. Upon the monarch's return to Buckingham Palace, where on June 25, he lay at death's door, it was officially announced that he had stood well the day's ordeal. No student married the processions or the ceremonies in the Abbey. An incident approaching the sensational occurred when the venerable Archbishop of Canterbury attempted to place the crown on the King's head. Overcome by nervousness and suffering from impaired eyesight, he started to place the emblem backward. An instant later he swooned and would have fallen had not Edward himself grabbed him by the arm.

evening was derailed at Chapman  
sidling, eight miles above Louisa,

are enthusiastic Sunday School  
workers.

Miss Martha, youngest daughter  
of L. P. Watson, formerly of Webb-  
ville, died at Ashland last Sat-  
urday night, of consumption. Dr. M.  
H. Watson, who is a brother of the  
deceased, was present when she  
died, but his wife was not able to  
go down. The following is taken  
from the account published in the  
Ashland Daily Independent:

Miss Watson had been ill but a  
short time with consumption, but  
her death was not unexpected; yet  
it came with a great shock to her  
devoted parents and that entire  
family.

She was but 16 years of age, and  
it seems doubly sad for one so  
young, bright and promising to be  
cut off just in the bloom of woman-  
hood. Her life was indeed beauti-  
ful, and her character was that of a  
sweet Christian girl. Some time  
ago she gave her heart to God, unit-  
ing with the Baptist Church.

### SERIOUSLY HURT.

Ezekiel Wilson, of this place,  
met with a very serious accident  
last Saturday while at work about  
a mile above the mouth of Georges  
creek. He is a stonecutter and  
was employed by the contractors  
who are building cutovers and fill-  
ing the trestles on the Big Sandy  
division. He had been at work  
on top of a derrick, and in attempt-  
ing to come down on a rope "hand  
over hand," he lost his grip and  
fell to a platform built around the  
derrick. His right thigh was broken,  
his heel crushed, and the ankle  
badly injured. The fracture is a  
compound wound and the large  
bone is broken obliquely, making  
a very ugly injury. He was brought  
home the same afternoon and is  
under the treatment of Drs. York  
and Bromley. His condition is re-  
ported to be as good as could be  
hoped for.

### NOTICE.

Rev. L. D. Bryan will lecture at  
the Junior Order Hall next Tues-  
day night. All members of this  
order are requested to attend.  
There will be plenty of music by  
the brass band. The Council will  
open at 7:30.

### K. G. E. Meeting.

Grayson is wide awake at the  
present. The annual session of  
the Grand Lodge K. G. E. is now  
in session and the town is wide  
open to them. All of the "big runs"  
of the state in the order are here.  
There are Lefebvre, Matti Foster,  
Chapman Enyart, Stewart, Hicks,  
Conley, Wood, Shay, Webb, Hic-  
kerson, Thompson, Walsh and others  
too numerous to mention, and the  
old, yet up-to-date clown J. J.  
Mann of Fallsburg. A live session  
is being held. Reports of officers  
show a marked improvement in  
the order throughout the state dur-  
ing the year and much credit is  
due the "tried and true" friend of  
the order, G. W. Enyart, of Can-  
pionburg, for his efforts as Grand  
Chief of the order in the State dur-  
ing the past year. The session  
opened Tuesday morning at 10  
o'clock sharp, with H. W. Enyart  
to the chair. During the day the  
time was given mostly to the Com-  
mittee on Credentials, G. B. Car-  
ter, H. W. Chapman and L. W.  
Wood, which reported on Wednes-  
day at 8:30 a. m.

On Wednesday an up-to-date  
banquet was given by Charity Cas-  
tle No. 17, which was 1st class in  
every particular. The address of  
welcome was delivered by the Rev.  
H. B. Neal, who is known by many  
Louisa people, and the effort was  
a masterly one. During his talk  
divine inspiration seemed to seize  
him, and at its close everybody  
was compelled to applaud. The  
response was given on behalf of  
the order, by past Grand Chief G.  
W. Chapman, which was also one  
of the best efforts ever put forth.  
Other lesser lights gave interest-  
ing toasts, and upon the whole day  
was full of interest. The ladies of  
the town manifested much inter-  
est in the pleasure of the day, and  
much credit is due them for their  
efforts on behalf of the order.

The business proper of the or-  
der is now on and smooth sailing  
is the order of the day. No tem-  
pest has arisen as yet to disturb  
the surface.

The able legislators of the order  
are doing some active service and  
some useful and important laws  
are being enacted.

In Grayson we had no exception  
to the general rule of "Big Sandy"  
leading the world," for we find  
Wm. Cooksey, of Fallsburg, as the  
leading merchant, and Dr. G. H.  
Hickmark as the leading physician  
of the entire county, and we are  
justly proud of the boys from Big  
Sandy. We also find F. F. Dabbins  
of Gallup here, as an enterprising  
youth, who is now aspiring to the  
position of Cashier in the new bank,  
being organized with W. M. Cook-  
sey the moving central figure in  
the enterprise. Again Big Sandy  
is in the lead.

Many stock farms surround this  
town, the Board Brothers, the Hu-  
pper Brothers and Willhites lead-  
ing in that line. An obla dealer  
was here last week and bought two  
hundred head of fine cattle, for  
the Eastern Market, for which he  
paid good prices.

Politically, Carter county is  
largely Republican, but the pros-  
pects are exceedingly bright for a  
greatly reduced vote this fall in  
their ranks on the account of the  
very great popularity of the Hon.  
J. N. Kehoe, the Democratic candi-  
date for Congress, who will  
sweep things here almost like a  
new broom. The Grayson Herald  
is doing its part toward securing  
the success of the Democratic  
party.

We have two Republican papers  
that are not so very hostile toward  
Kehoe, we are glad to say.

Mrs. Wm. Cooksey has returned  
from an extended to friends up the  
river.

Miss Nellie Drake, one of the  
most accomplished musicians in  
North Eastern Ky., has gone for  
an extended visit to friends, at  
Paris, Lexington, Frankfort and  
Louisville.

Attorney A. J. Bess has returned  
from a visit to Elliott  
and Bess.

### ANOTHER RAILROAD.

Incorporation Articles Filed at  
Frankfort for Another  
Big Sandy Line.

Frankfort, Ky., Aug. 3.—The San-  
dy Valley and Elkhorn Railway  
Company, of Kenton county, with  
\$50,000 capital stock, filed articles  
of incorporation in the offices of  
the Secretary of State and State  
Railroad Commissioner today. The  
company will build and operate a  
line of railroad from a point on the  
south bank of the Ohio river, in  
the State of Kentucky, opposite  
Fronton, Va., in Greenup or Boyd  
counties, thence in a southerly di-  
rection by the most practicable  
route to or in the vicinity of Pound  
Hap at or near the head of Elkhorn  
creek, in Letcher county; to be  
constructed by, or adjacent to, the  
valley of the Big Sandy river and  
Levisa fork thereof, and in and  
through the counties of Greenup,  
Boyd, Lawrence, Johnson, Floyd,  
Pike and Letcher. The total  
length of the main line is to be 150  
miles.

The incorporators of the com-  
pany are Loyd C. Houdale and F. L.  
Hoffman, of Cincinnati; Frank  
Sullivan, of Covington; Jacob H.  
Hronwell, of Wyoming, D., and  
John F. Hager, of Ashland. The  
file of the corporation begins im-  
mediately. Its chief office is to be  
located at Covington.

### Wanted.

Say 5000 acres coking coal lands  
conveniently located for transpor-  
tation to Columbus, Ohio. State  
rock bottom cash price and descrip-  
tion in detail. Look box 751, Co-  
lumbus, Ohio.

### C. & O. WORK.

The work of grading the exten-  
sion of the Big Sandy division is  
going along at a lively rate at  
Whitehouse and all along for sev-  
eral miles beyond. Also, in Pike  
county near the "Breakers," much  
work is being done. Sub-contract-  
ors on various sections are pre-  
paring to go to work, and the en-  
tire route should be alive very soon  
with teams and men.

There is some mysterious sur-  
veying going on up and down the  
Valley. If appearances count for  
anything we shall have railroads  
running in all directions before  
many years. A large corps has  
been at work for some time along  
the Kentucky side of Tag, but it  
cannot be learned what road they  
are employed by.

Among the most important of  
the probable changes in the pres-  
ent line of the Big Sandy division  
of the railroad, of which a survey  
is being made, is three miles above  
Louisa, where the bridge crosses  
the river. The contemplated  
change, if adopted, would move  
the bridge a mile or two further  
up the river. This would cut out  
a sharp curve and do away with  
the tunnel.

### Crossties Wanted.

50,000 standard crossties, white  
oak and chestnut oak, 12 o. b. any  
station on Big Sandy division of  
C. & O. Railroad. Price 25c and  
10c. Cash paid when inspected  
and loaded. For further particu-  
lars apply to J. W. Perry, agent,  
Peach Orchard, Ky. (11-13.)

### To Sunday School Workers.

Ohio, Illinois, Indiana, three  
States immediately North of us  
have an attendance of from 1,000  
to 2,000 delegates at their State  
conventions. Kentucky has never  
had as many as 500. Why is this?  
Is it a lack of interest, or is it  
lack of information as to the  
real value of these conventions?  
Here is another fact in these States:  
The enrollment in each school, on  
an average, is equal to or a little  
above the church membership. In  
Kentucky the average is little if  
any above half of this. Still an-  
other fact: In those States about  
a-half of all white Protestant  
children of school age are enrolled  
in the Sunday School. In Ken-  
tucky only about one-fifth of these  
are enrolled. These are facts that  
should give us the deepest concern  
in these States every county is or-  
ganized, and the State Association  
is looked upon by all denomina-  
tions as one of the most important  
factors in Sunday school progress,  
and it is given their hearty sup-  
port. In Kentucky we have about  
25 strong, 15 good, 25 weak and 25  
nominal organizations. Isn't it  
time Kentucky was availing itself  
of this strong organization? We  
are to discuss at Hopkinsville ev-  
ery phase of Sunday school work,  
and in the light of these facts, lay  
plans for future work. Will not  
every Sunday school in the State  
send at least one representative to  
Hopkinsville to help us solve the  
tremendous problem of bringing  
into the Sunday school, to Christ,  
and into the church the 500,000  
white Protestant boys and girls be-  
tween the age of six and twenty  
in Kentucky who are not in any  
Sunday school? If you don't know  
of the great work the Sta' Asso-  
ciation is doing for Sunday  
school interests of the whole  
State, write to E. A. General  
Secretary, Louisville, Ky.
